To

Secretary to Government,
Revenue Department,
Bangalore.

Sir,

With reference to your letter No L 546 dated 10th July 1946 stating that no grant can be given for the clearance of rank vegetation within the limits of Koppa town, as it is not a work of permanent nature and that the Municipal Council can carry it out without Government grant, I have the honour to forward herewith a copy of letter No M C 17/46 dated 26-7-46 from the President, Municipal Council, Koppa, in the matter and to state that due to heavy rainfall, thegrowth of lantana and other shrubs is dense Hence systematic action is necessary to remove them, otherwise, it will be a nuisance harbouring snakes, reptiles and other wild animals This work has therefore been executed systematically from the year 1942-43 onwards

As regards the financial condition of the Municipality, it is reported that the closing balance on 1-7-46 is Rs 9608-8-5 out of which, a sum of Rs 5600/- relates to the town improvement grant and the balance of Rs 3000/ will be required for the current expenditure

I therefore request that orders already passed may be reconsidered and a grant of ₹ 1000 sanctioned for the above work as a special case

I have the honour to be
Sir,
Your most obedient servant,

Deputy Commissioner,
Kadur District

Subject.- Government Grant for Jungle Clearing in Koppa Town area.

With reference to your kind memo No Mdc 121/45-46 dated 15-7-46 forwarding the enclosed, reference A3 C 2442/45-46 dated 11-7-46 intimating that the Government Grant for the above purposes is refused on the grounds- (1) the financial position of the Municipality is quite sound and (2) that the grants applied for are not for a work of permanent nature

In this connection I beg to submit that vast Government Waste lands surround this Municipal area and all un-occupied areas within the Municipal limits also belong to Government as the Municipality could not find ways and means of acquiring these lands to lay out extensions Consequently, the rank vegetations and Shrub Jungle growing on these areas proved to be of great nuisance harbouring snakes, reptiles and other wild animals causing loss to the inhabitants of their cattle and etc.

Consequently the Government had been sanctioning some funds for the clearing of this Jungle and the Municipality had supplemented these grants by an equal amount and strove hard to clear vast areas of jungle all round within the Town limits The Government Grants received and the Municipal Funds spent to supplement the grants are noted in the appended statement The total area covered comes to thirty acres

An inspection of the area would convince that much more work was turned out & more could be done for the amount spent as the Municipality had taken keen interest in getting this work done through Amani labour under constant supervision

If this work of up-rooting the jungle and vegetations is pursued for another year or two without allowing the jungle to re-grow an improvement of a permanent nature will have been achieved

As regards the soundness of the Municipal Finances, it may be brought to kind notice that the closing balance of the Municipality

Municipality as on 30-6-46 was Rs 9608-8-5 and it includes the marginalkx sums of unspent Government grant and the balance at the credit of the municipality is hardly enough to meet the Municipal contributions for the completion of these works ~~xxx~~ which are at various stages of correspondence.

1) Improvement of Water supply	Rs. 1100- 0-0	
2) Construction of stalls in Shandy Maidan.	" 1000- 0-0	
3) Opening of conservancy lanes	" 1000- 0-0	
4) for the construction of Quarters to Municipal employe	2500- 0-0	
Rs	5600- 0-0	

This Municipality having had taken up the management of the local Municipal high school much expenditure has been incurred in providing accommodation and equipment for the High School at a cost of Rs. 4500/- besides financing for the maintenance of the institution. All these circumstances may be taken into consideration and a final grant of Rs 1000/- (one thousand) recommended to be sanctioned for this purpose to enable this Municipality to complete this work.
